From Roy Hensley

Camp Funston, Kas., Sept. 19. Dear Sister: I will write you a few lines to let you know that I am fine and dandy, hope you all are the same. It has been raining here for two days. It has turned cooler now. I haven't had much to do today except stand inspection. I passed all right. I am on fatigue duty tomorrow. I don't like to work on Sunday but I am in the army now and not behind the plow. I signed up for three Liberty Bonds this morning, \$150 worth, on the allotment plan; that will be \$15 per month for nine months, ending in July next; the bonds are made to you; they will be sent to you when they are paid in full, which will be next July; they bear 4% interest. I think I was the only man in our company who took that much except the officers. Our company took \$8,550 worth of bonds. I will draw only \$7.40 per month now. I sure have got lots of clothing. I have two pairs of shoes, six pairs of socks, three suits of underwear, two pairs of pants, two shirts, one jacket, one overcoat, one slicker, one suit of unionalls, two pairs of leggings, three towels, shaving outfit, three blankets, one cot and mattress, one naversack, one pack carrier, canteen and cover, one belt holding 240 rounds of ammunition, one rifle and bayonet, one barrack bag, so you see I have some of it. I don't know when we will leave here, but we are expecting to leave most any time. Well, tell everybody hello for me. Well, it is about time for taps. I will have to go to bed, so good bye. Your brother, Private Roy L. Hensley, Co. F, 70th Inf.

From Claude E. Tripp

Somewhere in France, Oct. 8. Dear Home Folks: Hello to all. How are all at home? I'm all OK. I have received several letters from you since I wrote you last, some of them on the battle field. We made a big drive, I guess you will read about it before you get this letter. The battle field is something awful to see—the dead and the wounded. I have had to drive my team out of the road and pick my road thru the dead soldiers to keep from driving over them. I have had several close calls myself. It was under a tree trying to shelter myself from the flying shrapnel when one cut the top out and hit one team that was also under the tree, but myself and team got out all OK. I have seen several prisoners. I got enough gas to make my mouth sore or I think that is what is the matter for I run into gas once before I could get my mask on. All of the boys that I know of from back home made it through as far as I know I guess. Annie and Eulalia are getting rich now. I have two letters from Anna since she went to Springfield. Clyde said for you to tell his folk that it was not his fault that they did not hear from him, for he said he had been writing to them. I guess father is about through assessing by this time, is he not? I am sorry that things are burned up back there. I got a letter from Uncle Charley and Aunt Grace last night, said it was dry out there. Heard from Hose and Ola also. How is Reba making it at school now. Tell the kids I got their letter the other day. Well as to the questions you asked, will say yes and yes lots and yes again, one time but not now. I am in town, but I don't know the name of the place and if I did I could not write it, for the letter would be destroyed. I got a letter from Carl while on the battle field. He said he would be started for this side of the pond by the first of October. How is everybody back there Annie said in one of her letters that Aunt Mary was at Springfield on a visit. I guess she will come on down there before going back home. Well, I can't think of any more to write, only you can tell the people back there that has boys over here, that the have taken desperate chances for their lives in this drive, you will get the news in the papers. I have seen the ground blown up so badly that you could not get through with a wagon and team for the shell holes had still more shells falling, and no where but a shell hole to go to for safety I will close and write again soon.—Wag. Claude E. Tripp, Supply Co. 140 Inf., A.E.F. via N. Y.

From Alfred Rushing

Somewhere in France, Oct. 21. Dear Sister: I will now answer your letter that I received a few days ago, and was glad to hear from you. How are you by now? I am fine and all O. K. and hope you are all the same. Well, I am having a pretty nice time and getting lots to eat. I never have been hungry since I have been in France. I weigh 171 pounds, more than I ever weighed. Well, I and Bob Pearl and Charley B. are still together. I see them every day. I am in the supply company, and Bob is in the feed cutter's company, and Charley is in Battery A, but we are all in the same regiment. Well, I guess you all have got lots of fruit canned by now. I just wrote to the folks at home yesterday, and I sent mamma a silk handkerchief; tell her to write and tell me if she got it and if she did I want to send some more stuff. Did you all have a good crop there or not? You ought to be here and learn how to French. All that I hate about the French people—I can't understand these French girls—and I can't talk to them. Well, I guess I had better close for this time. Answer soon. Wagoner Alfred Rushing, Supply Co., 129 F. A., American E. F., France
